University of Helsinki
React Native

CI/CD

University of Helsinki
Git, GitHub, Version Control

Containers

University of Helsinki
Dockers, Containerization, Images, Docker Hub

Relational Databases

University of Helsinki
PostgreSQL

PROJECTS

Phonebook Website, <https://ajaysphonebook.netlify.app/>

A contact management web app built using React. Users can add, view, filter, update, and delete contacts. Implemented localStorage and React Router for navigation.

Anecdotes Voting Portal, <https://ajays-anecdotes.netlify.app/>

A voting app built with React for programming anecdotes. Features smooth animations and routing. Deployed on Netlify.
